Custom Applique Price & Design Chart

rev. May 2010

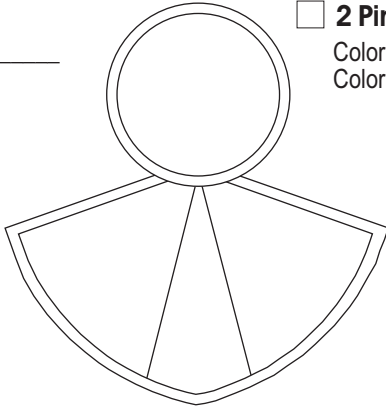

Note: Pinstripes are not available on the SRP (Small Reserve Pilotchute) hat. If you would like pinstripes on an SRP rig, they must be on the midflap only.

If you would like an applique different than the ones shown here, you may design your own custom applique. The price is \$50/hour to cover the cost of designing custom patterns.

Midflap Only
